

TIJARAH HOLDING LTD. SIGNS MOU WITH MALAYSIA DIGITAL CHAMBER OF COMMERCE

To promote collaboration and accelerate the adoption of leading edge Maal Blockchain technology incorporating "Concept-of-Identity".

Kuala Lumpur, Malaysia May 3, 2023 – The signing ceremony of a Memorandum of Understanding (MOU) between Malaysia Digital Chamber of Commerce (MDCC) and Tijarah Holding Ltd (Tijarah) took place at the MDCC "Members Day" event in Kuala Lumpur on Wednesday, May 3rd. The purpose of the MOU is to promote collaboration and accelerate the adoption of Maal Blockchain technology by MDCC.

From Left: Mr, Adrian Ang, Secretary General of MDCC, Prof. Dato' Dr. Jayles Yeoh, President of MDCC standing with Datin Syazana Parawadi Abdullah, Chairman of Tijarah and, Dimitri Rizzi, Chief Operating Officer of Tijarah for a picture to commemorate the MOU signing ceremony.

During the signing ceremony, the newly elected President of MDCC, Prof. Dato' Dr. Jayles Yeoh, and Datin Syazana Parawadi Binti Abdullah, Chairperson of Tijarah, were present. Adrian Ang, Secretary General of MDCC, and Dimitri Rizzi, COO of Tijarah, witnessed the event. "We are thrilled to collaborate with MDCC and accelerate the adoption of Maal Blockchain technology," said Datin Syazana.

The MOU aims to promote collaboration, joint events, workshops, and seminars related to Maal blockchain technology, digital commerce, and related topics. Furthermore, the collaboration includes joint advocacy initiatives to educate policymakers and regulators about the potential of blockchain technology and to advocate for policies that encourage the growth and adoption of blockchain and digital commerce in Malaysia.

In addition to this, both organizations have agreed to cross-promote each other's services and offerings. MDCC will support and endorse Maal Blockchain technology, dApps, products, and services and promote it among its members.

At the event, Tijarah presented their innovative blockchain solution, the Maal Blockchain, which utilizes a "Concept of Identity" consensus algorithm and is the world's first Shariah compliant blockchain built from Layer 1. The technology has enormous potential to revolutionize the digital commerce landscape in Malaysia and beyond, aligning with the goals set out in the Malaysia Digital Economy Blueprint. MDCC and its members stand to benefit significantly from the adoption of this groundbreaking technology.

About Tijarah Holding Ltd.

As a blockchain technology developer and founder of the world's first fully shariah compliant layer 1 blockchain, the Maal blockchain, Tijarah Holding Ltd., acts as the commercial arm and parent entity for a group of companies with a US\$58 million market capitalization. Their business portfolio includes developing a centralized RAMZ exchange, a decentralized RAMZ exchange, RAMZ utility token, stable tokens, and the world's first gold dinar standard-backed NFT.

About Malaysia Digital Chamber of Commerce

The Malaysia Digital Chamber of Commerce was established to promote the acceptance and use of digital commerce assets and related technologies. Through education, advocacy and working closely with policymakers, regulatory agencies and industry, their goal is to develop a pro-growth legal environment that fosters innovation, jobs and investment.
